

wakaful

automating insurance by decentralizing wakf

simplified interface for issuing and managing
various islamic smart contracts

The screenshot displays the Wakaful web application interface. On the left is a sidebar with navigation links: WAKAFUL, Waqf, Accounts, Muamalat, Wakalah, and Settings. The main content area is divided into two sections. The top section, 'Personal Takaful', includes a 'NEW' button, an 'ACTIVE' tab, a search bar, and a table with columns 'Takaful ID', 'Contents', and 'Actions'. Below the table is a pagination control showing '10 records per page' and 'Previous/Next' buttons. The bottom section, 'Personal Sukuk', has 'NEW' and 'ACTIVE' tabs. It contains three sub-sections: 'ERC20 Tokens' with a 'GOLD' asset card, 'ERC721 Assets' with a 'LAND' asset card, and a 'Bind Assets' form with a 'SUBMIT' button. On the right side of the interface is an 'Issue Qard' form with fields for 'Amount', 'Receiver', 'From', 'To', 'Result', 'Account', 'Username', and 'Password'. It also includes 'CHECK' and 'SUBMIT' buttons.
